

TestEventListener

TestEventListener

TestEventRepeater

```
classDiagram
    class TestEventRepeater
    class TestEventListener1
    class TestEventListener2
    TestEventRepeater <|-- TestEventListener1
    TestEventRepeater <|-- TestEventListener2
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'TestEventRepeater'. Two lines extend upwards from its top edge, each ending in an arrowhead pointing to one of two boxes at the top, both labeled 'TestEventListener'. This indicates that 'TestEventRepeater' is the superclass, and the two 'TestEventListener' boxes are its subclasses.
