

GTestXMLTestCase

```
classDiagram
    GTestXMLOutFilesTest --|> GTestXMLTestCase
    GTestXMLOutputUnitTest --|> GTestXMLTestCase
```

The diagram illustrates a class hierarchy. At the top is the class 'GTestXMLTestCase'. Below it are two classes: 'GTestXMLOutFilesTest' on the left and 'GTestXMLOutputUnitTest' on the right. A horizontal line connects the two bottom classes, with a vertical line extending upwards from its center to the bottom of the 'GTestXMLTestCase' box, indicating that both bottom classes inherit from the top class.
